

## “EasyRider” Mobile Production/Transmission Trailer

Contact: Chris Campbell – [chris@vizwest.ca](mailto:chris@vizwest.ca) – 403 401 8108 – Calgary, AB

Get ready to take your video projects to the next level with the VIZ WEST "EasyRider" compact video production trailer! This state-of-the-art trailer is designed to bring the studio to you, no matter where you are. Equipped with all the latest equipment and software, it's a mobile video production and transmission services solution.

Here's some reasons to choose us for your next project:

From rapidly deploying the 4 on-board PTZ cameras, to performing video switching, routing, recording and transmission, we can offer a full service experience! Plus, because the trailer has redundant connectivity systems including cell-bonded routers, Starlink, and a Ku band satellite system. We can send your content feed out to viewers and stakeholders from anywhere while you rest assured that your video and IP data (internet/communications) are always secure and accessible. The EasyRider trailer is also a quiet and secure space to direct the action from, weather your monitoring drones in the air, recording cameras in the field, or live-streaming events.

Choose "EasyRider" compact video production trailer for unparalleled quality, convenience, and flexibility on the go!
