# Services

## Residential Water Well Drilling

- Wells constructed to above minimum Government standards / regulations
- New wells for Acreages, Lake & RV Lots
- Well Remediation / Chlorination / Acidizing
- Water Analysis
- Old Well Abandonments/Reclamations
- Water Softeners and Filtration Systems
- Sales & Service of conventional & VFD (Constant Pressure) surface & submersible pumping system

## Oilfield Sector Drilling & Servicing

- Wells Constructed in compliance for Government Licensing
- Water Supply Well Rentals for Oil / Gas Well Drilling Sites
- Water Supply for remote Horizontal Drilling locations
- Gas Plant Facility Process Water Wells
- Potable Drinking Water Well Systems for Remote Camp Sites
- Cathodic Protection Boreholes
- Pre-Drilled Holes for Pilings or Cassions
- Fresh Water Well Abandonments/Reclamations
- Fresh & Brackish Water Supply Well Production Testing
- Water Analysis
- General Groundwater Consulting
- Large ESP & Production system installations/repair
- Sales & Service of conventional & VFD (Constant Pressure) surface & submersible pumping system

## Commercial Sector Drilling & Servicing

- Wells Constructed in compliance for Government Licensing
- Sub-Division Developments
- Fresh Water Supply Well Production Testing
- General Groundwater Consulting
- Water Analysis
- Water Table Tests / piezometers for new construction
- Perculation / Hydrometer Coring for new septic systems
- Sales & Service of conventional & VFD (Constant Pressure) surface & submersible pumping system

## CONTACT US

### Mailing Address:

Access Waterwells Inc.  
PO Box 7297  
Edson, Alberta, Canada  
T7E 1V5

### Main Office Communication:

## Services continued

### Environmental & Geotechnical Drilling

- Monitoring Well Construction
- SPT Testing
- Direct Push Coring / Sampling Methods
- Water Supply for steam soil reclamation

### Equipment Rentals

- Nuflo / Halliburton 1" to 3" Turbine Flowmeters
- ESP (Electrical Submersible Pumps) From 0.5 H.P. to 200 H.P.  
110 Volt 1 Phase to 600 Volt 3 phase motors
- VFD units (Variable Frequency / Speed Drives) 0.5 H.P. to 100 H.P.
- Oil & Gas Rig & Camp Rental Water Wells
- Genset & Mud Pump equipment rental

---

# Products

We continually stock a large assortment of new conventional 4" to 8" diameter down hole submersible pumps, ranging from 1/2 to 200 H.P. for pumping depths of up to 2000 feet of vertical lift capacity.

We also stock & install Grundfos 3" diameter Variable Frequency Drive (VFD) pumps and pressure systems that can provide constant water pressure service for many applications of up to 30 USGPM flow rates.

## Products continued

Commercial & Industrial stand alone type Variable Frequency Drive (VFD) controllers that can be adapted to any electrical 3 Phase motor for variable speed control for applications such as:

- Constant water pressure
- Soft start of electrical motors
- Fan operations
- Air compression

The Danfoss logo is written in a red, cursive script font.The BALDOR logo features the word "BALDOR" in a bold, black, sans-serif font, centered between two horizontal red bars.The GRUNDFOS logo consists of a white stylized 'X' symbol above the word "GRUNDFOS" in a white, bold, sans-serif font, all set against a blue rectangular background.

Provider & installer of water treatment & conditioning equipment for domestic & industrial applications. Products such as:

- Water softeners
- Chemical free systems
- UV sterilizers
- Chemicals
- Filtration cartridges
- Media
- Distillers

The PETWA logo features a white stylized 'P' symbol followed by the word "PETWA" in a white, bold, sans-serif font, all set against a blue rectangular background.

## Products continued

We also stock pressure tanks, pitless adapters, electrical wire & poly drop pipe, as well as a wide assortment of water well associated brass and stainless steel fittings & accessories.

---

# Equipment

## Dual Rotary Equipment:

This is Dual Rotary top-drive / lower-rotary drill rig and water /pipe truck.

## Equipment continued

### Conventional Drilling Equipment:

This is our large diameter (up to 16") top-drive drill rig and water /pipe truck.

### Environmental Probing, Sampling & Drilling Equipment:

This is our track mounted environmental direct push, solid and hollow stem auger drilling machine.

## Equipment continued

### Well & Water System Servicing Equipment:

This is our ESP Service Rig that we utilize for well installations, remediation & abandonments / reclamations.

### Rental Equipment:

We rent temporary water wells & pumping systems for remote locations that require temporary water supply requirements as well as associated equipment.

# Safety

Recognizing the importance of an effective safety program, Access Waterwells is SECOR certified and we are a member, in good standing, with ISNetworld and Canadian HSE.

## **Access Waterwells Inc. employees all have the following minimum certificates:**

- **First Aid**
- **PST Program**
- **WHIMS**
- **TDG**
- **H2S**
- **IRP 16 Compliant**

Access Waterwells believes that our Substance Abuse Program is highly essential to maintain a safe work environment for our employees, clients, and general public. Every employee must undergo random testing for drugs and alcohol.
