Serving the Alberta oilfield industry for 34 years.

Rick's is a family business specializing in the transportation of petroleum crude oil both light and heavy, condensate, and produced water. With a reputation in the industry known for our service! Our fleet consists of 70 super b units, made up of both sour sealed and insulates. Other equipment includes tandems, pups, tri-axles, a mud crawler and mud buggy. We provide local and province wide services including Saskatchewan, with approved access to numerous treatment facilities, pipeline terminals, trans loading facilities, and disposal sites.
